## English

Next week we will be writing and performing our own poetry. Can you learn this poem to perform in class for Thursday?

Five slimy aliens  
Went out to explore.  
One got stuck on the moon  
So that left four.

Four slimy aliens  
Crashed into a tree.  
One ate some honey  
So that left three.

Three slimy aliens  
Shouted out boo  
One ran away  
So that left two

Two slimy aliens  
Flew too near to the sun  
One got far too hot  
So that left one.

One slimy alien  
Went out to have fun  
Lost his way going home  
So that left none.
